I don't know

We have seen how to use digital tools

Students being held accountable and taking charge.

The lesson that comes from doing things for the first time

Learning more about carbon dioxide and water use

Learn new people

That we Are sonnig this together and Not alone

I learned very much

I got my motivation with them

Nothing unexpected, it was a great time

I have learned so much new I wasnt sure about

I talked to German people and discovered different things.

How do you think that this mobility could be improved?

I dont know

I don't know

Maybe more collaborative about welcoming

By having slightly less of a programme and spend more time on each section.

There is nothing wrong with this movement, but I think more countries can join this program.

I don't know

Pack up garbage

could plan more time for some things

We can do something without rules I mean we can use our own style

Yes, we needed one more day to work more intensively

Better time plan

Save the nature

We have ideas about gardening, digital tools and green works and recycling

Together we can achieve more than alone.

This project has given me a lot of things and I hope it will be useful to everyone from now on.

I'm not sure

Take care of the nature

To make Spur school and City Gelaber and to Not use much warer

Life more sustainable

We have to work for future

Such an exchange is necessary for young people

I will be more attentive to the subject

Bergen is a very clean and very quiet country, that's why I would like to go again.
