# What Does „Endangered“ Mean?

- Animals at risk of extinction
- Their Population is really small
- Protected by law

# Causes of Egangerment

- Habitat loss (cities, roads, farming)
- Pollution
- Climate change
- Hunting and human activity

# The European Lynx

- Lives in forests
- Almost extinct in 19th century
- Reintroduced in the Harz and Bavarian forest
- About 150 individuals today

# The European hamster

- Lives in farmland areas
- Endangered because of intensive agriculture
- Protected by law

# The gray seal

- Lives in North and Baltic sea
- Threatened by pollution and fishing
- Slowly recovering

# What can we do?

- Protect habitats
- Reduce pollution
- Support conservation projects
- Raise awareness

Thank you for listening
